

DAY 1 REFLECTION

- 
- In one section “*I often...*,” write one strong scaffolding practice you have done when developing or implementing instruction for ELLs or LMs.
 - In “*And now I...*,” share 2 practices you will now do based on today’s learning.
 - In “*I’m wondering...*,” write down a question that you still have or has cropped up as a result of today’s training.

Click your cursor in a space below to add your reflection. This is a collaborative live document so it's shared.
